

The Double Planet: Plus the Lives of the Electrons Plus Culture and Belief (Paperback)

By Les Crane

iUniverse, United States, 2007. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.A BOOK OF ANSWERS: PART ONE: THE DOUBLE PLANET answers the question of what to do about Global Warming; what causes it and how the Earth may safely maintain its temperature to within that range that permits organic life to exist. Here, we do not create new uncertainties. Here is the final answer to the controversy over global warming. PART TWO THE LIVES OF THE ELECTRONS investigates and explains the mysterious forces we have partially learned to live with but whose fundamental nature is only now being explored. By understanding the Universal Force, we explain the fundamental nature of what we call Light, Radio, Electricity, Magnetism and Gravity. Here are final answers to the mystery of these forces. PART THREE CULTURE BELIEF is an overview of history from a Christian point of view, proving that: Religion Determines Culture. Without an agreement about religion a culture cannot stand. Around the world we see nothing but conflict and wars, but these are not simply wars for oil or territory, they are Wars of Religion. These wars will continue until a...
