THE CLIFF CLIMBERS, THE ORIGINAL CLASSIC: (MAYNE REID MASTERPIECE COLLECTION) (PAPERBACK)

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Who has not heard of the Himalayas-those Titanic masses of mountains that interpose themselves between the hot plains of India and the cold table-lands of Thibet-a worthy barrier between the two greatest empires in the world, the Mogul and the Celestial? The veriest tyro in geography can tell you that they are the tallest mountains on the surface of the earth; that their summits-a half-dozen of them at least-surmount the sea-level by more than five miles of perpendicular height; that more than thirty of them rise above twenty thousand feet, and carry upon their tops the eternal snow! The more skilled geographer, or geognosist, could communicate hundreds of other interesting facts in relation to these majestic mountains; vast volumes might be filled with most attractive details of them-their fauna, their sylva, and their flora. But here, my reader, we have only space to speak of a few of the more salient points, that may enable you to form some idea of the Titanic grandeur of these mighty masses of snow-crowned rock, which, towering aloft, frown or smile, as the case may be, on our grand empire of Ind. It is the language of writers to call the Himalayas a chain of mountains. Spanish geographers would call them a sierra (saw)-a phrase which they have applied to the Andes of America. Either term is inappropriate, when speaking of the Himalayas: for the vast tract occupied by these mountains-over 200,000 square miles, or three times the size of Great Britain-in shape bears no resemblance to a chain. Its length is only six or seven times greater than its breadth-the former being about a thousand miles, while the latter in many...
