New York Times bestselling author Suzanne Brockmann casts a spell of fantasy, suspense, and romance in this classic tale of a woman whose one chance at true love could not only shape her destiny but alter the course of history itself. Level-headed Maggie Winthrop never expected her love life to turn into science fiction. Then a Navy SEAL-trained scientist named Chuck Della Croce turns up one day in her backyard naked and with an impossible-to-believe explanation: He has come back from the future in a time machine of his own creation in order to stop terrorist killers from laying waste to America. Maggie sympathizes with the rugged, handsome stranger but can she trust him? Chuck can't complete this mission of mercy alone. He needs Maggie to use all the wiles a beautiful woman has at her disposal to convince his younger self not to create the technology responsible for the tragedy. But when Maggie falls for both versions of the same irresistible man, she confronts a wrenching choice no woman should ever have to face: abandon a love she's waited for all her life or stay with Chuck and watch the future she longs to build with him go up in flames.
