Military (operating under all authorities) and civilian after-action reports identify the need for expanded joint military and interagency procedures to enhance military and civil interoperability. For effective DSCA operations, active, reserve, and NG personnel operating under differing military authorities should understand the integration of capabilities, duties, and legal limitations as they support state and federal civilian agencies. DSCA domestic emergencies or activities (including all hazard disaster response operations) present unique challenges for the Department of Defense (DOD) because personnel work under differing legal authorities and chains of command when coordinating and working with non-DOD, state, local, and tribal agencies. This publication enhances military understanding as Title 10, USC, and Title 32, USC. DOD forces work side by side in typical DSCA force
